Applicants may be represented by a registered practitioner or other individual authorized to practice before the United States Patent and Trademark Office in patent matters. See 37 C.F.R. § 1.31. While Ciprian is a member of the New York state bar (Registration No. 2878387), our records indicate that neither Ciprian nor Bararushkin is registered to practice before the United States Patent and Trademark Office or has been given limited recognition by the OED Director to prosecute as attorney or agent the above-identified application. Your attention is directed to the provisions of 35 U.S.C. § 33.

Additionally, an applicant for patent may file and prosecute his or her own case. See 37 C.F.R. § 1.31. There is no record that Ciprian is an inventor of the above-identified application. While Bararushkin is a joint inventor of the above-identified application, there is no record that the other joint inventors have given him power of attorney. See the Manual of Patent Examining Procedure, Chapter 402.01.

37 C.F.R. § 1.213(b)(3) states a request to rescind a non-publication request must be signed in compliance with 37 C.F.R. § 1.33(b). 37 C.F.R. § 1.33(b) lists authorized parties who can sign amendments and other papers in a patent application. Based on Office records, Ciprian is not one of the authorized parties included in 37 C.F.R. § 1.33(b).

37 C.F.R. § 1.27(c)(2) states an assertion of small entity status must be made by one of the parties identified in 37 C.F.R. § 1.33(b). As stated above based on Office records, Ciprian is not one of the authorized parties included in 37 C.F.R. § 1.33(b).

Based on the above information, Ciprian and Bararushkin are advised that any further communications signed by either or both of them will simply be placed in the above-identified application, and no further action will be taken thereupon.

If our records are in error, please promptly notify the Office.
